

# JURSE 2015

Joint Urban Remote Sensing Event

30 March - 1 April 2015  
Lausanne, Switzerland

## Scope

JURSE is a forum of excellence where researchers, practitioners and students in urban remote sensing will present and discuss their latest findings and results.

This event is committed to introduce innovative methodologies and technological resources recently employed to investigate urban environments through orbital and airborne remote sensing.

Topics of interest include:

- new data & sensors for urban area remote sensing
- structure detection and characterization in urban areas
- algorithms and techniques for remotely sensed data interpretation in urban areas
- algorithms and techniques for urban area applications
- urban climatology, geology, and geohazards
- RS applications to social science
- RS applications to urban planning and conservation
- urban development and growth pattern
- urban and peri-urban ecology

[contact@jurse2015.org](mailto:contact@jurse2015.org)

## Paper submission

Prospective authors are invited to contribute by submitting a full paper in English of no more than 4 pages, including illustrations, results and references. Submissions should be formatted in accordance with the IEEE guidelines. The submission website will be opened on September 15.

## Awards

JURSE 2015 will award the best paper presented at the conference and the three best student papers. The travel costs for the 10 finalists of the student contest will be partially covered by JURSE, through a grant from the ESA and the Swiss Space Center.

## Coordination with PIA+HRIGI15

We are coordinating our event with the PIA15 + HRIGI15 conference held in Munich 25-27 March (<http://www.pia15.tum.de>). For authors planning to attend both JURSE and PIA, papers accepted for inclusion in the JURSE conference will be offered a poster spotlight during PIA. The paper will be reviewed only by the JURSE technical committee and will appear only in the JURSE proceedings. This is an opportunity on a voluntary base.

## Keynote speakers

We are happy to announce the three keynote speakers of JURSE 2015:

- Andrew. J. Tatem, Univ. South Hampton
- Fabio Pacifici, Digital Globe Int.
- Florent Lafarge, Univ. Sophia Antipolis

## Venue 2015

The venue will be at the Ecole Polytechnique Fédérale de Lausanne (EPFL), near the Lake Geneva, in Switzerland. The conference will be held at the Swiss Tech Convention Center, the on-campus convention center of EPFL.

## Key dates

|                             |                  |
|-----------------------------|------------------|
| Full paper deadline         | 10 October 2014  |
| Notificaiton of acceptance  | 15 December 2014 |
| Final paper deadline        | 31 January 2015  |
| Early registration deadline | 10 February 2015 |
